

**INNOVATION IN MANUFACTURING, TRANSPORTATION AND FINANCE, CYBER SECURITY AND AI, AND FIGHTING ILLICIT TRADE AS WELL AS NEW DEVELOPMENTS IN HEALTHCARE, FINANCIAL INCLUSION AND EDUCATION.**

This year's discussions will focus on how to implement holistic solutions to the UN Sustainable Development Goals in the areas of environmental protection as well as other current topics. We will present and discuss successful business models addressing new and emerging challenges, risks and opportunities connected to climate change, digital technologies, new regulations requirements, and developments in international relations.
